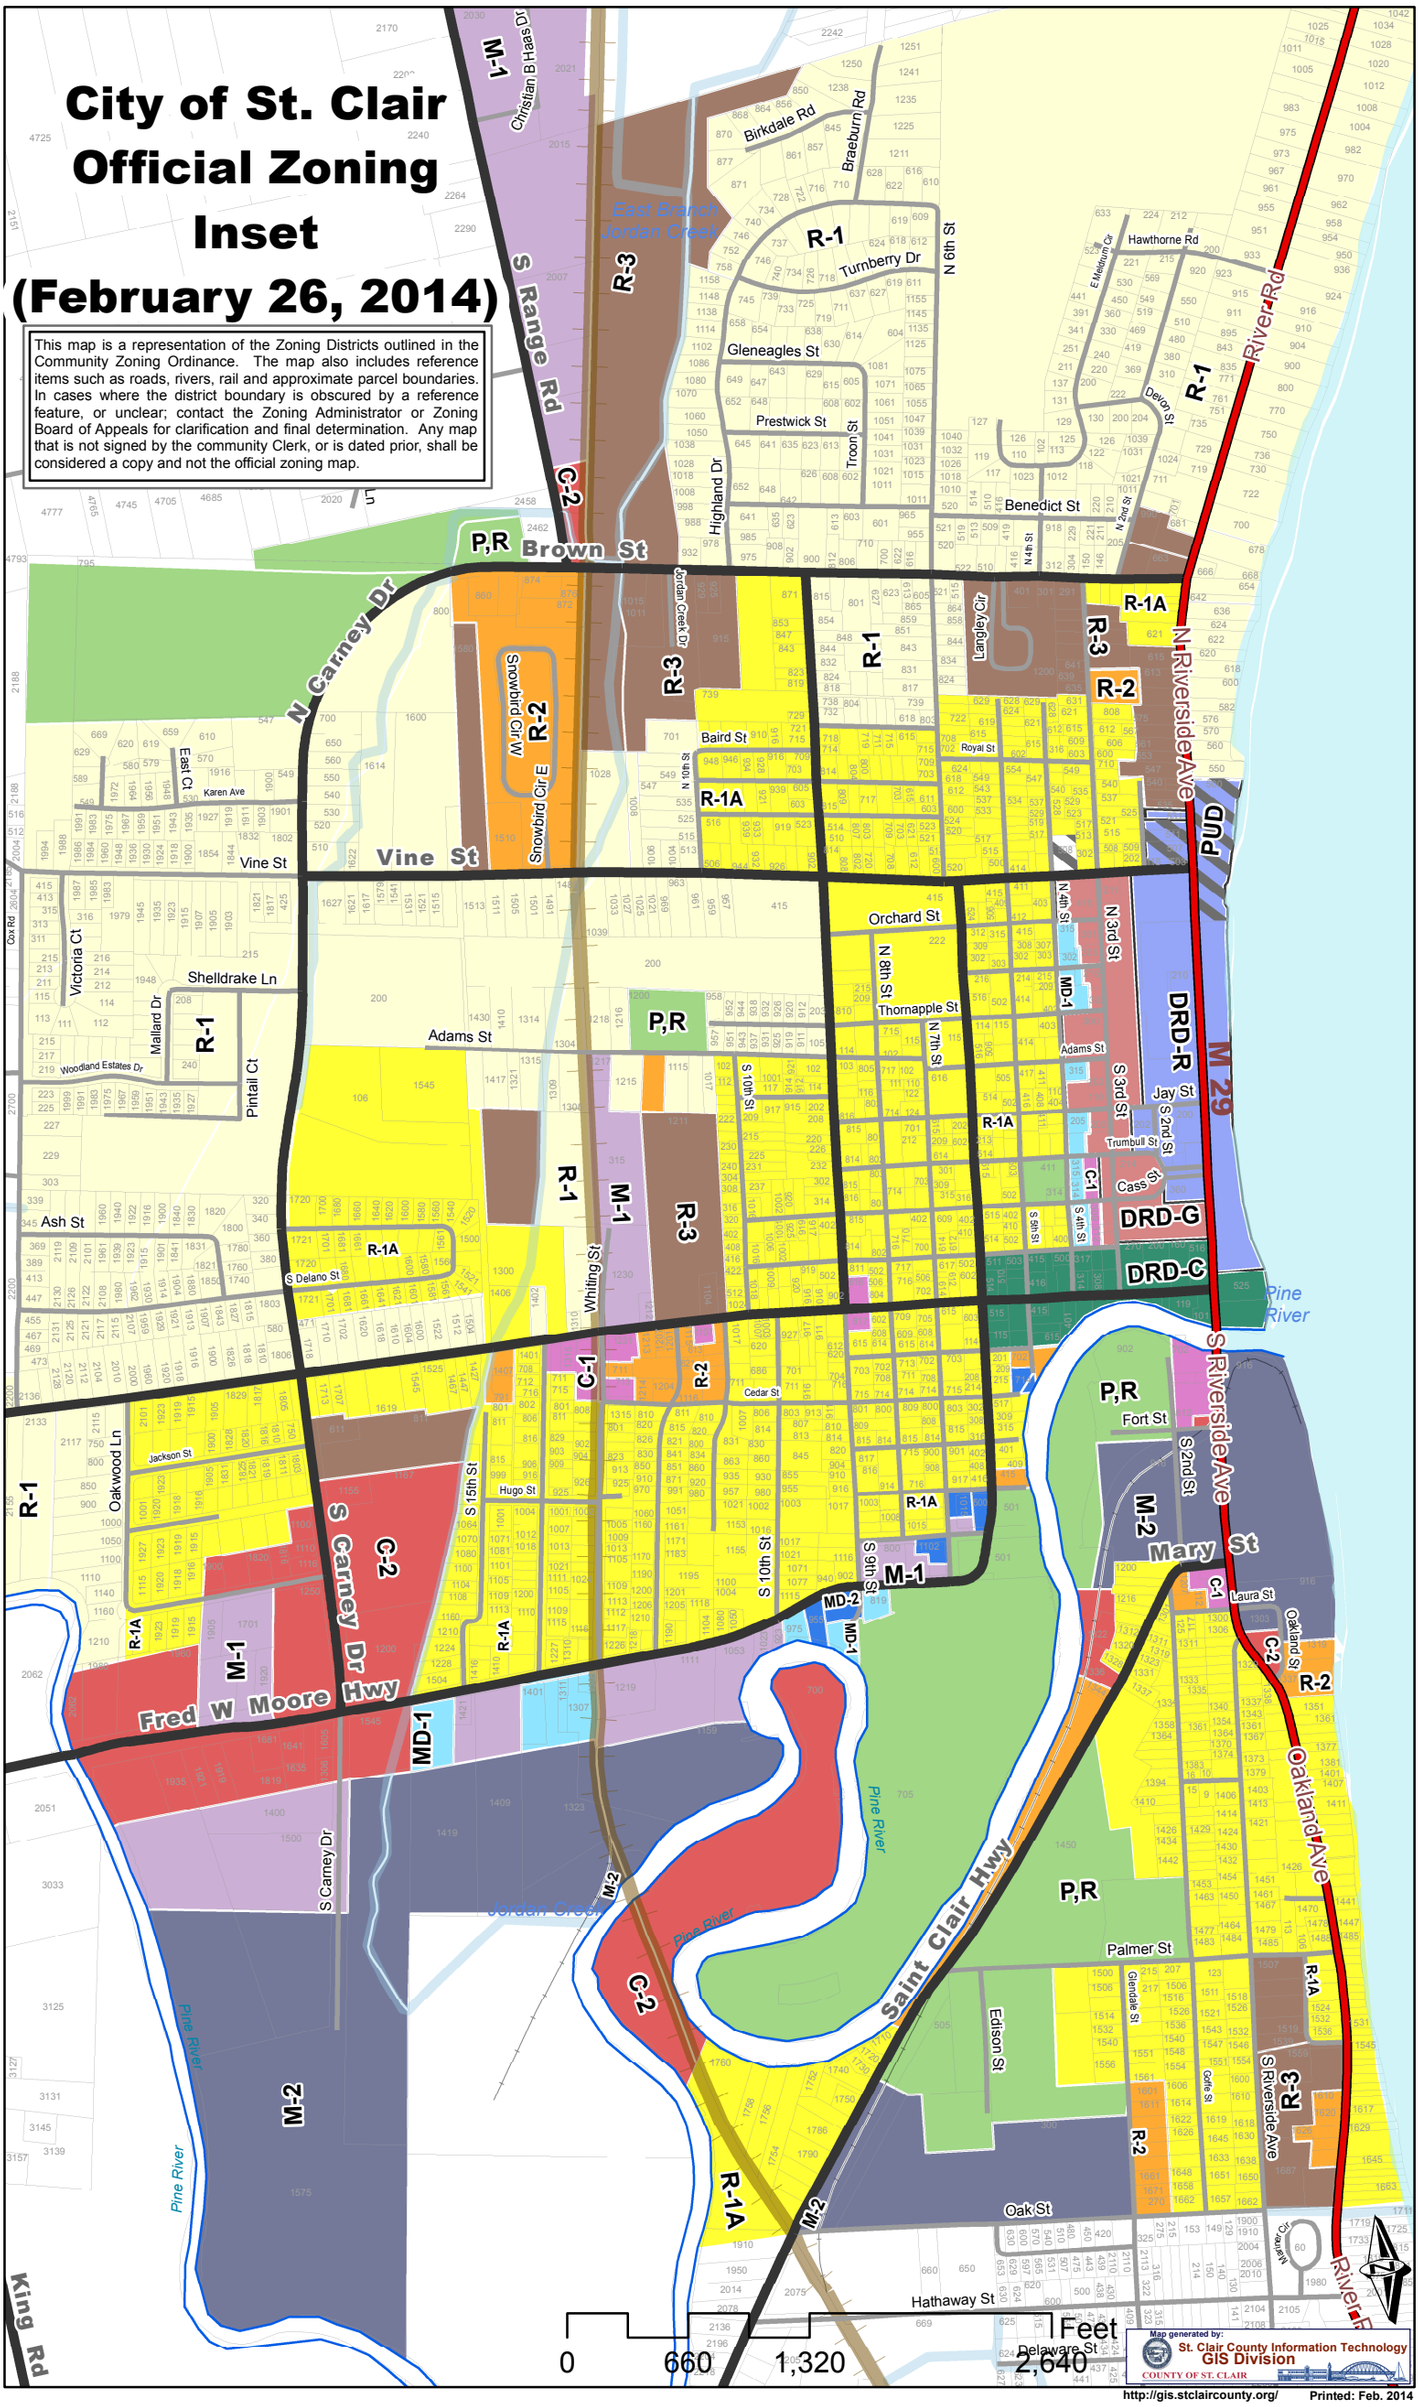
City of St. Clair Official Zoning Inset (February 26, 2014)


This map is a representation of the Zoning Districts outlined in the Community Zoning Ordinance. The map also includes reference items such as roads, rivers, rail and approximate parcel boundaries. In cases where the district boundary is obscured by a reference feature, or unclear; contact the Zoning Administrator or Zoning Board of Appeals for clarification and final determination. Any map that is not signed by the community Clerk, or is dated prior, shall be considered a copy and not the official zoning map.
