

FOR IMMEDIATE RELEASE

March 13, 2020

The City of St. Clair is planning for the potential community transmission of COVID-19 and is taking the necessary precautions to protect our residents and staff, and to take the necessary actions to slow the transmission of the virus.

1. All City residents are discouraged from conducting business at City Hall that can otherwise be conducted via U.S. Mail or online at <http://www.cityofstclair.com/>. The night drop-box for bill payments will be processed continually. Elderly and at-risk populations should avoid City Hall.
2. Police and Fire operations are coordinating response plans for potential COVID 19 contact with emergency response agencies and healthcare agencies from across the County.
3. Creative Tots Pre-School has been canceled until further notice.
4. All City-sponsored recreation programs are suspended until further notice.
5. The Senior Van will continue to operate at this time.
6. The label of disposable wipes, diapers, and other related paper products may indicate the product is flushable; however, these products clog sewer lines and can damage pumps and other equipment. To prevent this please place these items in a trash can and not the toilet.

For any further questions regarding City operational changes please contact City Hall at 810-329-7121. Current information and updates will be posted on our website.

Any healthcare related questions should be directed to the St. Clair County Health Department. The County Health Department website contains links to resources from both the CDC and State of Michigan. It can be accessed at: <http://scchealth.co>
