

DRINKING WATER PROBLEM CORRECTED

BOIL WATER ADVISORY IS LIFTED

As a follow up to the notice you received on Monday, July 27, 2020 from the City of St. Clair of a problem with the drinking water which advised you to not drink the water without boiling it first, we are pleased to report that the problem has been corrected and that it is no longer necessary to boil water.

We apologize for any inconvenience and thank you for your patience.

As always, you may contact the Water Plant at 810-329-5276 with any comments or questions.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
