CALL 877-960-2025

HELP MAKE IT SO

The Great Lakes Mercury Collection Program is providing FREE mercury collection services to Michigan areas and business sites.

HOW DOES IT WORK?

- Contact US Ecology for your FREE collection bucket/ box and instruction kit by calling 877-960-2025 or by e-mailing mercurybucket@usecology.com
- Wait for US Ecology's common carrier, UPS, to deliver the collection container to your door
- Place your mercury switches or other in-tact devices inside your collection bucket
- Apply the return UPS label (included with your bucket) and return to US Ecology.

IT'S THAT EASY!

Mail-back program is intended for the collection of in-tact mercury devices only. While the collection of elemental mercury is not excluded from this program, it will require a less-than-truckload container management pickup. Call or e-mail US Ecology for pick-up services.

EXAMPLES OF SOME COMMON ITEMS THAT CONTAIN MERCURY:

- Thermostats: non-electronic
- Thermometers: silver-colored liquid inside
- Gauges: barometers, manometers, blood pressure and vacuum gauges with silver colored liquid
- Switches, Relays and Sensors: appliances, farm equipment, float, tilt and pressure switches, etc.
- · Dental Amalgam: material used in dentistry
- Hygrometers and Hydrometers: moisture and gravity measurement instruments
- Elemental Mercury: silver-colored liquid metal
 - Fluorescent bulbs are excluded from this program
